

acrobat micro trim short installation instruction

Step 1

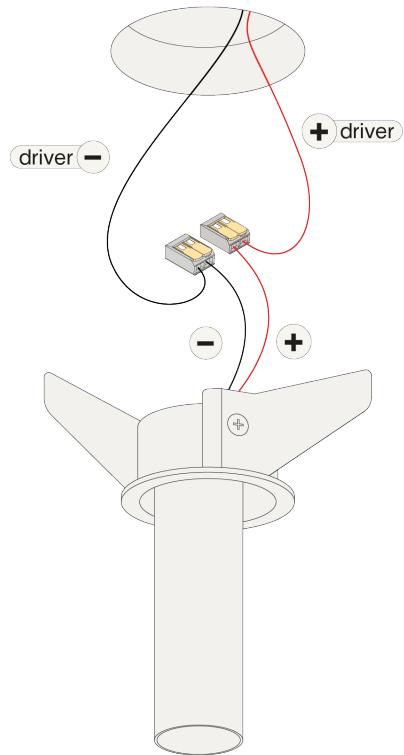

Cut a round hole (Ø41). Consult the chosen luminaire tech specs for required height and free air dimensions.

Step 2

Turn the power off – driver location remote.

Step 3

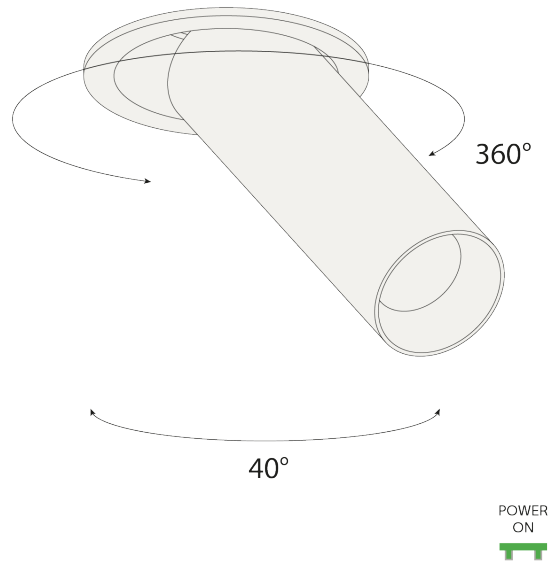

Connect the wires with wago connectors for serial connection, respect polarity combine with a prado LED-driver.

Step 4

Bend over the springs and push the luminaire into the ceiling.

Step 5

Twist the luminaire as desired.
